Construction Underway On New Elba By-Pass

Construction on the new by-pass has now reached all the way to the banks of the Whitewater Creek at a site off Smith Avenue.

The land has been purchased, the homes have been moved and the long-awaited construction has finally begun on the Elba By-Pass, a new two-lane highway that will connect Highway 169 (Kinston Hwy.) and Highway 125 (Brundidge Hwy.) by bypassing the busy Elba business district.

As is now evident, Dobose Construction Co. of Montgomery, began clearing and grubbing right-of-way in early May at two locations within the city limits, a process that clearly defines the location of the road. The major work areas now visible are located between Smith Avenue and the Whitewater Creek and between Taylor Mill Road and Claxton Avenue. The work on these two areas began first due to the upcoming construction of a bridge over Whitewater Creek and the installation of culverts at an area off Claxton Avenue, near the Elba General Hospital.

The construction of the culverts is slated to begin next week, while the work order to begin construction of the bridge was issued on June 14.

The contract for the first phase of work allows approximately 430 calendar days for completion of construction and includes grading and drainage of the land between the Brantley Hwy. and U.S. 84, the land from Highway 87 to Highway 125 and the area between

Tree stumps and limbs lie piled up as a large right-of-way is cleared for construction of the by-pass off Claxton Avenue.

Boswell Street and Highway 189. The project covers a distance of 3.1 miles. The second phase, which has not yet been let, includes basing and paving of the entire project and widening of By-Pass Street.

The cost of the project is being paid thru 75 percent federal and 25 percent state funding.

Bill Would Empty Bank Account

If a bill sponsored by Rep. Jimmy Holley, of Elba, passes the State Senate next week and is then signed into law, it could mean the end of a "free ride" for prisoners serving a death row or serving a sentence of life without parole.

The bill, which passed the House of Representatives last week, will allow the courts to confiscate income, bank accounts and property of the prisoners and turn the monies over to the victims of the crimes, the families of the victims or the state prison system.

The bill was specifically aimed at convicted murderer Billy Joe Magwood, who in 1979 gunned down Coffee County Sheriff Neil Grantham. "It came to my attention recently that Billy Joe Magwood was provided all legal services by the state due to being indigent," stated Rep. Holley, "and that for the past four years the prison system has housed, feed, clothed and cared for him, while all the while he had over \$4,000 in savings account. Magwood, and all such inmates, should help pay their way when possible."

If the bill becomes law, the courts will have the final authority in confiscating the prisoner's material wealth and paying those it deems to have a rightful claim.

Health Dept. Reports Killing Of Rabid Coon

The Coffee County Health Department reported this week that a raccoon had been killed by county workers at the Perry Store Community. The health department advises all residents in the area to vaccinate domestic animals and to leave stray and wild animals alone.

Hearing Set For Aug. 5 For Accused Killer

Adam Cook, age 57, accused of murder in the June 5 shooting death of Hazel Lee Crawford, of New Brockton, made his initial appearance before District Judge Gary McAllister last week, with Enterprise Attorney Thomas Haigh being appointed to defend the accused defendant.

Cook, being held in the Coffee County Jail without bond, will have his preliminary hearing on August 5, at 10:30 a.m.

According to reports, the victim was found lying in a pool of blood next to her bed in her home, located just off Ansley Street. The woman's body was fully clothed in shorts and a blouse, and according to Police Chief Gordon Lucke, a wound was located in the upper part of the torso.

Cook apparently denied any knowledge of the shooting when first questioned; however, after further questioning Cook admitted he had shot Crawford. He told authorities he had been drinking heavily and then quarreled with the victim prior to the shooting.

A 38 caliber revolver found at the scene is believed to be the murder weapon.

The new facility will sell pork to such packers as Sunland and Swift, and estimate total annual sales of approximately \$3 million.

Ferrell Hudson, owner of Elba Custom Meats, announced this week he had purchased the former Alabama Pork Buyers building and will reopen the facility under the name "Custom Pork Buyers."

The business, which will buy and sell live pork is scheduled to open Saturday, June 25, and be open to the public on Monday, Tuesday and Wednesday during the week.

Hudson, who opened Elba Custom Meats in 1967, a custom meat processing plant, stated Custom Pork Buyers would buy live pork from area

farmers and sell to meat packers.

"I became interested in purchasing the facility when it closed last winter," stated Hudson, "and some area farmers asked about the possibility of reopening the business. I purchased the facility and will reopen it because the pork farmers in this area need another outlet at which to sell their hogs. Here, they can bring in their hogs, weigh them and receive a check immediately."

The new facility will sell pork to such packers as Sunland and Swift, and estimate total annual sales of approximately \$3 million.

River Stocked With Hybrid Bass

Merrill Nail of the Fisheries section, Game and Fish Division, State Dept. of Conservation, pumps water into a tank to acclimate minnows to local river water.

If the River is fertile enough to provide an adequate food supply, local fishermen may soon be able to pull in good catches of hybrid striped bass.

The Fisheries Section, Game and Fish Division, Alabama Dept. of Conservation, placed 3,280 small (1 - 2 inch) hybrid striped bass in the river on Tuesday and Fisheries officer Merrill Nail reported if the river is fertile, the bass could weigh two pounds in a year and reach five-pounds in a period of only two years.

The Fisheries Section will carefully monitor the growth of the bass over the next four years to determine if the river can support the fish.

Brainstorms

By FERRIN COX

President Reagan has announced his choice for head of the Federal Reserve Board is the current head of the all-powerful banking system, Paul A. Volcker. We expected this weekend's announcement would set the stockmarket on fire Monday, but that failed to materialize. However, it appeared Tuesday at the time this was written that the market rally had just been delayed for a day and was taking effect Tuesday. I guess those refined folks that decree paying more or less for stocks waited an extra day to make us country folks think there were real scientific reasons for the rise in prices and not just happiness over the reappointment of Volcker.

We read that a Mississippi sheriff got caught in a cocaine sting operation last week. It seems that Harrison County Sheriff Howard LeRoy Hobbs, who has served three terms and is up for re-election, has served his last term as sheriff. ... guilty or innocent.

All the TV and movie people writing stories about the South have either a sheriff, bad guy or not-so-smart brother named LeRoy. While this is probably embarrassing to all our good LeRays, it happens - and now Sheriff LeRoy Hobbs in Harrison County, Mississippi, got charged with doing wrong. This will add years of continued use of the name and further embarrassment to the other real LeRays in our Southern society.

We have praise for the Chamber of Commerce Recreation Committee, its chairman, Jackie Farmer, and Chamber executive director Paula Mims. They are working on developing the natural recreational potential of Pea River and have a plan already gaining steam to expand the canoe trail use. The beauty of their efforts is that it is being done by private enterprise and doesn't need city, county or state tax money to get started or operate. To this country boy, that is the way things should be done... anyone can have a meeting and tell some higher body with taxing powers, "You need to do such and such," but this is being done by interested parties, and the Chamber is offering encouragement and coordinating the project. Salute!

All the lawsuits about prisoners' rights, etc., seem a little out of place when we read about Richard Speck (the man convicted of systematically killing eight nursing students in Chicago) stating he was happy with prison life. Speck had his death sentence overturned for the 1966 killings that only one young lady survived by hiding under the bed, but was turned down for parole. He said he only wanted to see his mother, and since she is dead, he is happy where he is now. We suspect that a lot of others are also secure with the warm, dry bed and three meals assured every day; the complaints come mostly from those who are bored and are just filling the lawsuits to have something to do with their time.

We doubt there will ever be a \$32 million payment, but a California court has awarded a 23-year-old and her mother that amount in a case of "kidnapping and brainwashing" against the International Society of Krishna Consciousness, a religious cult. We violently oppose the tactics of these cults, but question the girl's \$32 million of damages. Then probably the jury wanted to punish the activities of the group and maybe put a stop to their aggressive activities. We doubt it will happen.

There is a lot of speculation about Ronald Reagan's running for re-election for president - and we predict he will run. Reagan is a senior citizen and, as predicted, will set records in that department; but we feel he likes the position, there is no Republicans with a chance of stepping up and taking his place, and really no Democrats with much chance of beating him at this time... just no big names available.

We enjoyed some good fishing this past weekend. There is no more enjoyable recreation this side of Heaven than getting on a bed of large bream with a lightweight fly rod and a tiny popping bug. I would love to give a blow-by-blow account of every fish, the blowing wind, and those big ol' hand-painted male bream just sucking in that bug with no more noise than a wet kiss.

This country boy is scheduled to take a flight on an actual SAC mission Sunday. We don't know where we are going and were told earlier this week that the existence of the exercise had not even been announced at that time. Surely by today however, something or other has been announced about Operation Global Shield and someone know where I will be flying to. The name itself indicates it could be anywhere in the world, but we assume it will not be an around-the-world trip; however, it will be more than a flight from Warner Robins AFB to Atlanta and back. SAC flies the B-52 bombers and refuels them with the KC-135 tankers and that is all we know today, but we have permission to take our camera and will know more next week.

There were 27 fathers arrested in one North Alabama county Sunday on Father's Day. They were charged with being behind on their support payments. That day was selected because the officials figured it was the day the men would try to visit their children, and probably also to make the action a little more dramatic.

The current squabble between Scott Paper Company of Mobile and Alabama Power Company has gotten into the Alabama legislature. Scott wants to build a plant to burn plant waste and generate electricity for sale to Alabama Power, and got a bill into the legislature to back up their plan. It was okay until Alabama Power got upset over paying five cent a kilowatt and having to talk back to Scott at a lesser price, thus costing the power company many dollars every year. It will be interesting to see the outcome of this battle. We predict Alabama Power will win.

Who Is The Object Of Your Love

And The Leader Of Your Life?

The Bible is clear that God is to be the first love of our lives and that we are to follow His leadership. When we are completely surrendered to His will we bring honor and glory to Him. We will also receive great benefits.

We demonstrate each day by what we think, say and do who or what controls our lives. We all serve a god in our lives; but we must be very sure that we do not serve just a god - but the LORD GOD. There is a vast difference!

If we serve the Lord God,

we will not only love Him, but we will love our fellowman. We will work for God and work for better lives for one another.

I want to emphasize again what I said last week about Christians working together and not in competition with one another. We must quit proselytizing and begin to love God, one another, the lost, and begin to work the way God intended.

If we love God and follow His leadership, we can be what God wants us to be. We will be servants to Him and a neighbor to one another.

Kyle Padgett Celebrates Birthday

Kyle Padgett, son of Mr. and Mrs. Jack Padgett, celebrated his eighth birthday Thursday, June 16, 1983, with a party at his home on Smith Avenue. Kyle is the grandson of Mr. and Mrs. Johnnie Jones, Enterprise, and Mrs. O.A. Padgett, and the late O.A. Padgett of Route One, Elba.

The festive occasion was decorated with a Pac-Man theme. The party table held a Pac-Man balloon bouquet, birthday candles, and a cake, artistically created by Marica Richburg, bearing a Pac-Man Maz.

Boys and girls helping Kyle celebrate divided into teams and competed at kick-ball, basketball, and frisbee. Those not on teams enjoyed themselves riding, swinging, sliding and other forms of child entertainment.

After a few games the guests settled down and were seated at party tables to enjoy the traditional party refreshments of cake, ice cream, chips and punch.

Miss Nunez Becomes Bride Of Mr. Swope

Miss Silvia Nunez and Bill Swope were united in marriage at the First Assembly of God in Enterprise Saturday, June 18.

Parents of the couple are Mr. and Mrs. Pedro Nunez of Rt. 1, Elba, and Mrs. Ione Swope of Coral Gables, Florida.

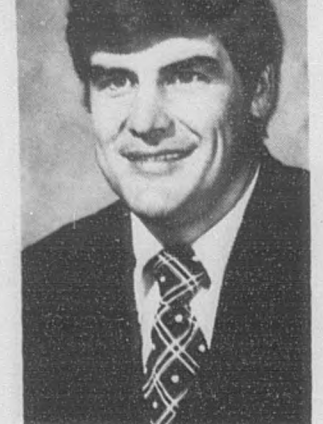

For her wedding the bride chose a white floor-length gown accented also by a Schiffl embroidered yoke featuring Chantilly lace which enhanced the bodice. Tiny seed pearls added to the elegance of the yoke.

The fitted lace sleeves were highlighted by a ruffled flounce at the wrist which cascaded gently over her hand. The beffruffed skirt of lace and organza elegantly flowed into a chapel-length train.

The matching veil featured a Juliet cap covered with Chantilly lace adorned with tiny seed pearls. The three-tiered silk illusion was caught at the back of the cap and fell to finger-tip length. The illusion was enhanced with lace motifs and the finger-tip layer was edged with matching lace.

The bride's all-white silk bouquet featured gardenias, ivy and traditional wedding flowers caught up with flowing white satin streamers.

Teel Is New

VEEP With

Munsingwear

Dan Teel has been promoted to the position of vice president of manufacturing with Munsingwear's Sports Apparel Division. It has been announced by Ray Donnelly, president of Teel, that he has been the division's Director of Garment Manufacturing since coming to Munsingwear in May of 1982. He has held plant management positions with both Levi Strauss Inc. and the William Carter Company. He began his apparel career with Alatez (Cluett Peabody) in 1969 and ultimately became their chief industrial engineer in 1977. In his new capacity, Teel will direct the manufacturing activities of Munsingwear plants in Oklahoma, Wisconsin and North Carolina in addition to the fabric manufacturing operation in North Carolina. According to Donnelly, "Teel's 14 years of garment manufacturing experience provides the Sports Apparel Division with the technical strength that is so critical to our continuing business turnaround."

Teel, a native of Sylacauga, Alabama, is the son of Mr. and Mrs. Van B. Teel of Pensacola, FL. He is a 1969 graduate of Troy State University where he received a B.S. degree in Accounting and Business Administration. He is married to the former Foyce Ann Bowdoin of Elba and they have two sons: Shan, 15, and Graham, 13. They are presently living in Lumberton, North Carolina.

Army Reserve Celebrates Anniversary

This year the United States Army Reserve celebrates its Diamond Anniversary, the 75th anniversary of its founding. The Army Reserve was originally established as the Medical Reserve Corps in 1908. It was this organization, initially comprised of 162 contract physicians, which grew into the Army Reserve of today which now numbers nearly a million men and women serving as individuals and units around the nation and in the Retired Reserve.

Two Army Reserve units are located in Dothan. They are the 78th Maintenance Battalion and Detachment One, 191st Light Equipment Maintenance Company. Other units under the command of the 78th Maintenance Battalion include the 191st Light Equipment Maintenance Company, Elba, 276th and 56th Military Police Platoons, Opp, 282nd Aviation Company and 376th Transportation, Fort Rucker, 851st Supply and Service Company, Enterprise.

We're proud of our city and our homes. Therefore we've formed a group of concerned people who want to better our residential area. We are The Venus Garden Club and we are asking for your help.

This can be done in several forms: beautification around homes, disposal of yard items in yards, planting trees, shrubs or flowers, and just a general upkeep of areas adjacent to your family's home. Mulberry deserves a lot better treatment than it's receiving. History shows that we have worked together in the past and now it is time for us as a minority

to work together again for our own benefit. We should be concerned about our future.

Remember, every little bit helps and grows to show major improvements. We'd appreciate your help and any suggestions you might have for the beautification of OUR area.

We are sponsoring a Day of Fun in the Park Monday, July 4, from 10 a.m. until 8 p.m. at the Mulberry Heights Park. Everyone is invited to attend this fun-filled day of activities for every age. This includes softball games, refreshments, swimming, basketball, a fun run and entertainment.

We will also give away a barbecue grill and a cake. This day will kick off the first phase of the July clean-up month for our area. We are asking you to help us to help each other; let's work together and make our area better and beautiful - with a little work and cooperation.

Mets Clinch Dixie Youth League Crown

The Mets rolled up two big wins last week, including a 23-2 romp over the Tigers, and in doing so topped its record to 9-1 and clinched the Dixie Youth League championship!

The Tigers are in second place at 3-3, followed closely by the Pirates 5-6, Astros 4-5, Yankees 4-6 and Cardinals 3-7.

Mets 11
Astros 1

The Mets combined 8 hits with 11 walks and got an outstanding pitching performance from Greg Hanchey to post a surprisingly easy 11-1 win over the Astros. The Mets took an

11-0 lead early in the contest and rode the 3-hit pitching of Hanchey to roll to the win. Barry Bryan got 2 hits to lead the Mets, while Hayden Young, Greg Hanchey, Tim Sullivan, Jason Grider, Phil Bogan and Thomas Calhoun all added 1. Getting the Astro hits were Kevin Matthews, Matt Henderson and Ryder McCollough.

Cardinals 11
The Cardinals led all the way to defeat the Yankees 11-4. The Cards were actually outbatted by the Yankees, but took advantage of 11 walks to claim the win. Kevin Barnes got 2 hits to spark the Cardinals, while Benny Daniels, Willie Flowers and Michael Lindsey all got 1. Derreck Hooks and Flowers got 2 hits apiece for the Yankees, while Jason Jones, Crawford and Bubba Johnson all added 1.

Mets 23
The Mets made it clear who had the league's top team by blasting the second-place Tigers 23-2! A 13-run second inning sparked the rout, while Mets pitcher Tim Sullivan stopped the Tigers on only two hits and struck-out 10 batters.

Pirates 10
The Pirates pulled away late in the game to hand the Yankees a 10-5 setback. The score was tied at 4-4 after two innings, but the Pirates broke loose and pulled away for the victory. Chris Thomas ripped 2 doubles and a home-run to lead the Pirates, while Scott

13-Year Old Babe Ruth All-Stars To Begin Play Monday

The Elba Babe Ruth League picked its "13 Year Old All-Stars" this week and the all-stars will compete in the District Tournament beginning on Monday, June 27, at Johnson Park in Andalusia.

Named to the Elba All-Stars were Willie Tillis, Troy Kelley, Pat Dewberry, Kevin Burke, Michael Moseley, Troy Sanders, Wynn Grimes, Gappa Wise, Jason Johnson, Leon Coleman, Elijah Gilbert, Jeff Nunn, Lamar Stokes, Bobby Bowden, and Olen Mayo.

The tourney will begin on Monday at 6:00 p.m., when Samson meets Geneva, to be followed at 8:00 by the Elba-Andalusia clash. On Tuesday, June 28, the Elba-Andalusia winner will meet

Opp at 6:00, while the Samson-Geneva winner will meet Brundidge at 8:00. In action on Wednesday, June 29, it will be the Andalusia-Elba loser meeting the loser of the contest between Brundidge and Samson/Geneva loser at

Views From THE PRESSBOX

By, Ricky Mularz Editor

I broke a new year's resolution and watched the Atlanta Braves on TV a couple of nights last week; however, they didn't do too well, so, I must still be "bad luck" for America's youth!

The Babe Ruth baseball league concluded its season Monday night and it was one of the most competitive seasons ever. The White Sox won the championship and had a very fine team loaded with three-year veterans, while the Dodgers had a team that never gave-up and battled all seven-innings. The A's failed to win a second straight game, but had a good club, as did the Reds, who lost a

Dixie Youth Season Winding Down
The Dixie Youth baseball season has only three nights left and it's two has enjoyed a banner year. The Dixie Youth League has six teams, as many as a lot of much bigger towns, and our kids give it all they've got. As long as we can find good coaches and keep the parents involved, our Dixie Youth program will continue to prosper.

Men's Softball Cranks Back Up
The men's softball league began its second session this week and you can really tell the difference since they split the league in half. All the teams are now balanced, which means no more routs, and the teams will have to play well every night to win.

The league's action will move up to the new fields after the July 4 break, making the second session one to remember. Who are my picks to win? I'd better not say, because of being an umpire, but I'd have to guess Cook Chevrolet would have to be a favorite in their division, while in the other division it could go down to the wire. We'll just have to wait and see.

ELBA CLASSIC SET FOR THIS WEEKEND
The Elba Softball Classic is set for this weekend and in an attempt to get it over before sun-up on Sunday, only 10 teams will compete. Aamco Transmission, the defending champs out of Montgomery, will be back, as will teams from Troy, Andalusia, Enterprise, Ft. Walton, Prattville and Panama City, not to mention our local folks. Get ready folks, it's here!

White Sox 7
The White Sox pulled ahead in the bottom of the first-inning and never looked back to dump the A's 7-3. The A's had taken an early 1-0 lead, but the Sox combined 2 hits, 2 walks and 2 errors to pull on top and rolled to the win.

Art Brunson and Jack Lee got 2 hits apiece for the Sox, while Willie Tillis added 1. Craig Murdoch got 2 hits for the A's, while Leon Coleman, John Osburn, David Ammons, Eliah Gilbert and Rob Hudson all added 1.

Dodgers 6
The Dodgers pushed across a run with two-out in the final inning to edge the Reds 6-5. The Dodgers led 3-0 early in the game, but the Reds tied it up in the third inning and kept it tied until the Dodgers won it in the bottom of the last! Kimmie Daniels, Jimmy Johnson and Ronnie Crawley all got 2 hits for the Dodgers, while Derek Young got 1. Scott Brown and Chris Cox got the only Reds hits.

The Southeast Alabama Gas District is pleased to announce reduced rates for all its general service (domestic) customers. Lower rates became effective on May 20. The pipeline company which sells natural gas to us has reduced its wholesale rates. This is the principal reason we have been able to reduce our rates.

In addition, your Gas District has tightened up operating costs in every way possible without reducing our service. We are driving smaller vehicles, for example, and have converted most of them to LP gas. We are operating with the smallest possible staff consistent with efficient, courteous service. We have a no-frills operation, devoted to giving full value for every dollar our customers invest in us.

Natural gas has consistently provided the best energy value in Southeast Alabama. With our new lower rates, we offer even greater energy value. If you are not now using natural gas, we invite you to check us out.

The table below illustrates the decrease in our General Service Rates. Column "A" gives the rates established in January, 1983, and now reduced. Column "B" gives the new rates, which were effective May 20, and will be reflected on bills received by customers after July 1, 1983.

All Boaters Need To Follow Safety Rules

Safe Boating Week may be over, but the Marine Police still consider safe boating a priority issue, according to Marine Police Director William B. Garner. A recent operation is only one example of the continuing efforts of the Marine Police to urge Safe Boating practices throughout the state.

Marine Police Patrols, inserted on Lake Tuscaloosa over the final weekend of National Safe Boating Week, made 33 arrests and issued 24 warning tickets. "The 8,000-acre lake located within the Tuscaloosa City limits is patrolled only periodically," says Garner. However, the problems existing there are similar to those found on other bodies of water throughout Alabama.

Marine Police supervisor Henry McLaney, who supervised the operations on Lake Tuscaloosa, said 10 arrests were made for insufficient life preservers, five for failure to have operable fire extinguishers aboard a boat, six for failure to have an emergency cutoff switch on board (vessels less than 18 feet long with an open cockpit and having more than 50 horsepower are required by law to have the cutoff switch).

Stockcar racing was held at Dothan's Rocket Speedway last Saturday night with Elba driver Frankie McDaniel claiming the checkered flag in the Bomber Class "Feature Race" over a fast, and talented field. McDaniel, a hard-charging young driver, finished first in the feature ahead of Rehobeth's Wayne Closson and Round Lake, Florida's Carroll Benefield.

Elba Softball Classic Set For This Weekend

The 7th annual Elba Softball Classic will be held this weekend with the smallest, but most powerful field ever set to compete for the coveted crown. Heading the list of entries is Aamco, the defending champion out of Montgomery. Aamco owns a 66-17 record this season and is ranked 18th in the nation in men's softball, making it without a doubt the team to beat!

Western Sizzling, of Enterprise, has been making a lot of noise all season and should be a contender for the Classic crown. Western Sizzling is a combination of last year's Lake City Travellers and M&S, and has proven it can hit with anybody. The Andalusia Coop, nicknamed "Brown Bombers" packs a powerful punch and could be a

contender as returning with plans on improving on last year's third-place finish. The Bulls rely on good defense, as well as hitting, and are always fun to watch. The Andalusia Coop, nicknamed "Brown Bombers" packs a powerful punch and could be a
